### **HRB MEMBER GETS LONG SERVICE AWARD FROM CHIEF EXECUTIVE**

Hospital Radio Basingstoke's Dave Leonard got a bit of a surprise on 12 July from the Chief Executive of the North Hants Hospital no less.

Mary Edwards came in to HRB to talk about the forthcoming Director of Nursing Awards, but gave out an award of her own as, on behalf of the Hospital Broadcasting Association, presented Dave with a Long Service Award for 25 years service to hospital radio.

Dave joined hospital radio in July 1981 and his time at the award winning station, that broadcasts to North Hants Hospital 24 hours a day, has included a 5 years stint as Chairman. Also present on Wednesday evening was Neil Ogden, HRB's Programme Controller, and also the Southern Region Representative of the Hospital Broadcasting Association, the organisation that represents hospital radio in the UK.
